## OBITUARY

The Board deeply regret to record the following deaths:—

**Dr. Stanley Mewburn Brown** was appointed Honorary Assistant Medical Officer in 1905, and an Honorary Medical Officer in 1907. He was Vice-Chairman of the Medical Board from 1925 to 1930. In 1930, when he retired from the active staff, he was appointed an Honorary Consultant, and was Chairman of the Infirmary Board of Management from 1935 to 1940.

Dr. Mewburn Brown will be greatly missed by all who had the privilege of knowing him.

**Mr. Meyer H. Goldstone**, by whose death the Southport Infirmary has lost a generous friend and a wise counsellor. He regularly attended the Meetings of the Finance Committee and Board of Management, and took the closest interest in the work of the Infirmary.

**Miss Willett** in 1908, when Mayoress of Southport, accepted a seat on the Board of Management, and on her retirement from the Board in 1936 was appointed a Vice-President. The Board deeply mourns the loss of a staunch friend and supporter.

**Mr. Alderman Trounson, J.P.** was a Life Governor and Vice-President of the Infirmary. He always showed a deep concern for the welfare of the patients receiving treatment at the Hospital.

## NEW ROOF OVER OPERATING THEATRES

A large portion of the Theatre roof had to be reconstructed and repaired, and the whole of the roof recovered with bitumen roofing. This necessitated much replastering and redecorating inside the Theatre, and was a long process.

## REHABILITATION

During the year a Rehabilitation Department was prepared, and is already functioning satisfactorily.

## CONCLUSION

One of the penalties of economising in this Annual Report is that we are prevented from thanking many friends who are so generously assisting the Hospital during this difficult period, and, therefore, to all Subscribers and Donors, and our countless friends, we tender our most sincere thanks.

T. H. HARKER, *Chairman.*

PAUL CARTER, *Vice-Chairman.*

J. N. A. BRISCOE, *Superintendent and Secretary.*

The total examinations for 1943 have increased on the previous year by approximately 1,600 specimens, which is mostly accounted for by the increase in the number of examinations required by the various Out-patient Clinics. The number of specimens from the town is still low as compared with previous years, due to the absence of epidemic infections in the district.
